WHY CHOOSE SHEFFIELD

04

Experienced coordination, careful compliance and proactive communication.

CONFIDENCE AT EVERY MILESTONE

We combine licensed customs expertise with disciplined document checks, dependable freight coordination and clear status reporting.

KRA-LICENSED CLEARING AGENT

01 Licensed & compliant

Accurate entries, HS classification support and permit guidance to reduce avoidable delays.

02 Pre-arrival document checks

We review key documents early so issues can be corrected before cargo reaches the gateway.

03 End-to-end visibility

Clear milestones across origin, freight, clearance, release and final delivery.

04 Transparent quotations

Defined service scope, clear disbursements and practical advice before execution.

05 Global coordination

Reliable EXW and FOB support through established partners across major trade regions.

06 Responsive local execution

Hands-on coordination across JKIA, Nairobi ICD and Mombasa Port.

OUR SERVICE PORTFOLIO

05

One coordinated team for freight, customs, transport and delivery support.

FROM ORIGIN TO DESTINATION

Flexible solutions for commercial cargo, time-sensitive shipments and project requirements.

AIR

Air Freight

Time-sensitive import and export solutions through JKIA.

SEA

Sea Freight

FCL and LCL coordination via Mombasa Port and Nairobi ICD.

CLR

Customs Clearance

Licensed entries, documentation, permits and release coordination.

ROAD

Road Transport

Port-to-ICD, last-mile and up-country delivery coordination.

W&D

Warehousing & Distribution

Storage, handling, pick-pack and distribution through vetted facilities.

SCM

Supply Chain Management

Supplier coordination, milestones and tailored end-to-end planning.

FAST, FLEXIBLE, GLOBAL

AIR FREIGHT

Reliable import and export coordination for cargo where timing, handling and documentation matter.

- Consolidated and direct air freight options
- Priority uplift and time-sensitive coordination
- General cargo, oversized and special-project support
- Charter and dangerous-goods coordination where applicable
- Export and import documentation support
- Airport handling and delivery planning through JKIA

IMPORT | EXPORT | CHARTER

AIRLINE OPTIONS & SHIPMENT FLOW

Airline routing is selected by destination, schedule, rate, available space and cargo acceptance requirements.

1

Cargo review

2

Pickup & docs

3

Airline handling

4

Flight milestone

5

Destination handover

Carrier selection is shipment-specific and subject to schedule, space, rate and cargo acceptance.

SEA FREIGHT

Cost-conscious FCL and LCL shipping with dependable coordination.

FCL, LCL AND PROJECT CARGO

We match your shipment with the right sailing, carrier and equipment, then coordinate documents, port milestones and delivery planning. Our team supports both full-container and less-than-container shipments across established trade routes.

SERVICE OPTIONS

- Full container load (FCL)
- Less than container load (LCL)
- EXW and FOB coordination
- Export and import support
- Shipment milestone updates

CUSTOMS CLEARANCE

Licensed by the Kenya Revenue Authority's Commissioner of Customs & Border Control to carry out customs-clearance procedures on behalf of importers and exporters.

KRA-LICENSED CUSTOMS AGENT

AUTHORISED CUSTOMS FUNCTIONS

- Lodge import and export customs entries
- Generate customs tax-payment e-slips
- Advise traders on customs laws and procedures
- Facilitate release at ports and border points

REGULATORY & GATEWAY COORDINATION

KRA

KENYA REVENUE AUTHORITY

KEBS

KENYA BUREAU OF STANDARDS

KPA

KENYA PORTS AUTHORITY

COMPLIANCE FIRST. FEWER DELAYS.

Early checks help identify missing information, permit requirements and classification issues before they become costly problems.

01

Pre-arrival review

Invoice, packing list, transport document, origin and permit requirements.

02

Classification & entry

HS-code support, customs value review, IDF and customs-entry coordination.

03

Agency coordination

KEBS, PPB, CAK, NEMA and other approvals where applicable.

04

Inspection & release

Verification support, customs follow-up, release and delivery handover.

ROAD TRANSPORT

09

Flexible delivery coordination from cargo gateway to final destination.

DEPENDABLE INLAND MOVEMENT

Coordinated transport capacity for containerised, loose and project cargo.

FROM PORT, ICD OR AIRPORT TO YOUR DOOR

We arrange road transport through trusted, appropriately equipped partners and manage the operational handovers around collection, gate release, delivery scheduling and proof of delivery.

01 Container haulage

Port-to-ICD and final-delivery coordination for FCL cargo.

02 Last-mile delivery

Scheduled delivery from JKIA, depots and warehouses.

03 Up-country distribution

Planned deliveries beyond Nairobi to key commercial centres.

04 Special-load planning

Equipment selection and route coordination for non-standard cargo.

WAREHOUSING & DISTRIBUTION

Flexible storage and handling support through vetted facilities, matched to the shipment and delivery plan.

- Short- and medium-term storage coordination
- Container stuffing and de-stuffing
- Cargo receiving, sorting and staging
- Pick, pack and redistribution support
- Inventory and order-flow coordination
- Scheduled local and up-country delivery

MATCHED TO YOUR CARGO

We assess cargo type, handling needs, storage duration and final-delivery schedule before recommending the operational setup.

STORAGE | HANDLING | DELIVERY

Services are coordinated through appropriate partner facilities.

SUPPLY CHAIN MANAGEMENT

Coordinated movement of goods, documents and information from supplier readiness to final delivery.

ONE CONNECTED OPERATING PLAN

Our team connects suppliers, freight partners, customs processes and delivery teams so each milestone supports the next. The result is clearer accountability, fewer surprises and better control of lead time.

TAILORED SUPPORT

● EXW / FOB coordination

● Consolidation planning

● Purchase-order follow-up

● Milestone reporting

● Project-cargo planning

● Documentation control

INDUSTRIES WE SUPPORT

12

Practical logistics planning shaped around the cargo, compliance and delivery environment.

EXPERIENCE ACROSS COMPLEX SUPPLY CHAINS

From routine commercial imports to permit-driven or heavy cargo, our approach starts with understanding the commodity and its operational risks.

CARGO-SPECIFIC PLANNING

01 Manufacturing

Raw materials, machinery, spares and production-sensitive inbound schedules.

02 Agriculture & perishables

Priority handling, export documentation and time-aware coordination.

03 Healthcare & pharmaceutical

Permit-driven cargo with disciplined document and lead-time control.

04 Construction & equipment

Heavy equipment, materials, special loads and project-delivery planning.

05 Retail & e-commerce

Inventory flow, consolidated cargo, pick-pack and nationwide distribution.

06 NGO, diplomatic & hospitality

Responsive support for institutional, programme and hospitality cargo.

LOCAL EXECUTION. GLOBAL COORDINATION.

OUR OPERATIONAL FOOTPRINT

Strategically positioned around Kenya's principal cargo gateways, with partner coordination across major international trade regions.

01

JKIA

AIR CARGO GATEWAY

Import and export handling, clearance and delivery coordination.

02

NAIROBI ICD

INLAND CONTAINER DEPOT

Rail-linked cargo clearance and inland distribution planning.

03

MOMBASA

PORT GATEWAY

FCL, LCL, customs coordination and inland transport.

FROM THE MANAGING DIRECTOR

16

Experience-led leadership, built around compliance, service and lasting client relationships.

JOHN MUCHWAT
MANAGING DIRECTOR & CO-FOUNDER

At Sheffield Cargo Logistics, we believe successful logistics begins with understanding the client's business. Every shipment matters, and our responsibility is to provide clear guidance, dependable coordination and full attention to compliance from origin to delivery.

Our ambition is to build lasting partnerships by making importing and exporting simpler, more transparent and more reliable for businesses in Kenya and beyond.

JOHN MUCHWAT | MANAGING DIRECTOR

PROFESSIONAL PROFILE

John Muchwat is a highly experienced logistics professional and the Managing Director and Co-Founder of Sheffield Cargo Logistics Limited.

He built his experience with multinational and local logistics companies, serving in progressively responsible roles as Logistics Coordinator, Logistics Manager and Port Manager.

His background covers freight forwarding, customs operations, port coordination, cargo handling and client service.
